## LANDSCAPE DESIGN & MAINTANENCE REFERRALS

Roger's Gardens has selected the following independent contractors to refer for Landscape Design and Maintenance services.

### LANDSCAPE DESIGN REFERRALS

Landscape Designers are available, as independent contractors, to design small gardens to full estates, including hardscapes for an outdoor bar, barbeque, and pool/spa areas.

**Tim Fiskin**

**Cell: (949) 280-4067 Email: [timfiskin@sbcglobal.net](mailto:timfiskin@sbcglobal.net)**

Tim Fiskin designs beautiful and functional landscapes to suit the particular needs of his clients. He combines a formal education in Philosophy and Landscape Architecture with over thirty years of experience in landscape design, construction and project management. Tim is a leader and specialist in the low water 'California Friendly' garden movement. With offices in Newport Beach and Palm Desert, he loves creating drought resistant gardens of all sizes and styles. Free time finds him hiking our local open spaces, swimming off our coast, hanging out with his family, and visiting unique nurseries.

**Karin Fulton**

**Cell: (949) 235-3726 Email: [karinfulton@icloud.com](mailto:karinfulton@icloud.com)**

For more than 21 years, Karin worked for Roger's Gardens Landscaping as a lead designer, designing and managing projects of all sizes. She has a background in both Interior Design and Landscape Design. She is a very visual person and has a keen sense of style and attention to detail. Karin is well-versed in creating diverse garden styles from Cottage, Coastal Modern, Mediterranean, Tropical, Traditional, Drought Tolerant, and eclectic combinations. Karin can guide you through the design process and create a garden and outdoor living space that inspires you. It all starts with an initial consultation and a well thought out plan.

**Hector Villa**

**Cell: (714) 606-4669 Email: [hvilladesign@gmail.com](mailto:hvilladesign@gmail.com)**

Hector Villa is a Landscape Designer that holds a B.S. in Landscape Architecture from Cal Poly Pomona and has over 10 years designing projects and in the field. Before he worked for Rogers Gardens, he interned at Tree Of Life Nursery in which he learned all about native plants and sustainability. Throughout the years Hector has designed and managed projects from small cottages to modern and unique properties. Hector prides himself on details during and throughout the design and installation process.
